

I hate singing!

I hate to sing, it really gets me down
I pull a funny face and then I start to frown

It makes me feel, all funny inside
And when I hear the music start I want to run away and hide

I hate to sing, it really gets me down
I pull a funny face and then I start to frown

I find it hard, remembering the words
And when I try to sing the song I make sure that I can't be heard

I hate singing, I hate singing, I hate singing, I hate singing

I hate to sing, it really gets me down
I pull a funny face and then I start to frown

I get confused when the tune goes up and down
I try my best to sing the song but sometimes I can't make a sound

I hate singing, I hate singing, I hate singing, I hate singing
(S-i-i-ng...)

Groups come in one at a time at 8 bar intervals
