We are the river, spirit of the river
 We bring you -----, we bring life

We are the mother earth, spirit of the mother earth
 We bring you -----, we bring life

We are the forest, spirit of the forest
 We bring you -----, we bring life

We are the river, spirit of the river
 We bring you -----, we bring life

Finish by repeating the first verse.

Each group can creat whatever they think their verse brings eg. river may bring water, or fish etc. You can create as many verses as you have groups of children, or they may like to create their own verses.

Over the chorus each group could develop their own dance, or drum/stick pattern.
