

# The Three Little Pigs

– by Belinda Wright

1 Long ago lived three little pigs,  
They needed a place to stay.  
The first pig built a house of straw,  
Along came the wolf and knocked on the door,  
He huffed and puffed, and blew the house down;  
Poor little pig ran away! (snort)

*This song is great with actions - make some up!*

2 Long ago lived three little pigs,  
They needed a place to stay.  
The second pig built a house of sticks,  
Along came the wolf and licked his lips,  
He huffed and puffed, and blew the house down;  
Poor little pig ran away! (snort)

*We have used this song with Reception, Y1-Y2*

3 Long ago lived three little pigs,  
They needed a place to stay.  
The third pig built a house of bricks,  
Along came the wolf with his terrible tricks,  
He huffed and puffed, he couldn't blow the house down\*;  
*(whisper next line, or sing all on one note)*  
Then down the chimney he fell with a howl,  
Three little pigs said "hooray!" (snort)

\* This line is longer than in verses 1&2 to fit in the "he couldn't" – just sing this line as if you were talking it, pause on the "down" if you like, use a bit of dramatic license!

Long a-go lived 3 lit-tle pigs, They needed a place to stay —,
